Yes!

Maybe you should call the Microsoft Communications and tell her what we're up to and that we want to make a pitch to the local section next week and have them cover a training when Microsoft folks are present. You could make the call of any/all of the corporate sponsors like this. The local section will be slightly more difficult so I just feel like we need to have some rich interviews to get them to cover it. Obviously we'd want to verify that they have people there, too.

Well, it's better than nothing...

Should we offer to draft something?!

Hi Megan,

- 1) Earliest "My First Job" slot would be Nov. 5 and we'd need it back by next week, earlier the better, since that's when we set up the section.
- 2) Sorry, it's a great idea, but can't turn that that quickly in my section. I have a staff of none. That would have to be down the road, or pitch it to our Local News/election staff.
- 3) I'm checking on that, but like I said, if can't get it in there, should be able to work it in somewhere. It's for a good cause ... :)

Hi Bill,

3/13/2007

I thought of a few more questions.

1. When could we put someone in the "My first job" section?
Thinking more about it, Sherril Huff-Menees, our Assistant Director, would be the perfect candidate.
2. Would we be able to run a feature on "the changing face of King County Elections" either October 22, 29, or November 5?
3. When would we be able to utilize the "Who's Hiring" section?

Thank you so much!
