Dear Mr. Sharkansky:

I sent you a written response by U.S. mail earlier today regarding your recent public disclosure request. Since then, I have amended the response to include Council President Licata's answers to your original questions. Below is the revised response:

You wanted clarification concerning item #2 on Barbara Hadley's response to your request for information regarding Council member commuting and travel. You wanted to know if the other Council members use the paid parking, or did they simply not respond to the inquiry. Aside from Council members Drago and Conlin, all other Council members report they use paid monthly parking at City garages.

I have a few things to add to Barbara Hadley's response. She did not include Councilmember Rasmussen's nor Council President Licata's answers to your request. For items #1 and #4, Councilmember Rasmussen commutes to work by private automobile and occasionally by bicycle, and his travel within Seattle on official business but not at City expense varies substantially from week to week. For items #1, #4, and #5, Council President Licata drives but sometimes takes the bus, he drives, walks or takes the bus when traveling within the City on official business but not at City expense, and he drives a 2000 Geo Prism. Also for item #2, Ordinance #119775 (not #113007) requires Council members to pay for the parking for privately owned vehicles in City garages.

I mistakenly told you in our April 11 telephone conversation that there were 10 pages of records ready for your review. There are actually 9 pages of copies that respond to your request, and these will be mailed to you upon receipt of \$1.74 (15 cents per copy plus postage). You may send a check payable to the Office of the City Clerk to my attention at:

Office of the City Clerk

Please feel free to contact me at 386-4052 if you have any questions or concerns.

Sincerely,

Jeff Ware
