Technology  
olutions - VBM Acc

The information from VoteHere is now on the document. I have not ever had their sales pitch or had a chance to question them about their solutions so any edits are welcome. What I put downis from my understanding of their documentation and my concerns.

I will be in the office by 7 am to make copies and do any edits.

Harry, I am going to work on the regional voting center information next.

I will probably be an hour or so before I email it.

Thanks,

Bill
