Precinct 3271

Name of Polling Place _____
Poll Center Number _____
(from AccuVote tape)

Ballot Accountability Sheet

How many ballot codes are in this precinct? _____
Each ballot code has an equivalent Chinese ballot code. Identify the Chinese ballot codes with the letter "C" before the number, for example C01, C02, C03, etc. List all the ballot codes, the beginning ballot stub numbers and ending ballot stub numbers for both the English and Chinese ballots in the table below.

(*Tip:* hi-lite, underline, or circle different ballot codes in pollbooks to assure that the correct ballot is issued.)

Ballot Code	Beginning Ballot Stub Number	After the Polls Close Ending Ballot Stub Number (Top Unused Ballot)	Number of Ballots Issued
3271	01	169	168

Total number of ballots used 168

Subtract Spoiled Ballots, if any 2 5

Total number of valid ballots issued to voters A 166 163

Subtract Provisional Ballots, if any ~~166~~ 25 25

Subtract Challenged Ballots, if any 3

From AccuVote tape Number of ballots cast C 154

Number of regular ballots issued B ~~154~~ 141 138

(Numbers for B and C should be equal.)

If there are any discrepancies, please explain: _____

Signature of Inspector

Edward J. Hill
Signature of Poll Book Judge
