To the Members of the State Committee:

We are united in urging your support for retaining Chris Vance as Chairman of the Washington State Republican Party.

Chris has been both an advocate and defender of our party – and has proven he can be counted on when confronted by unprecedented Democrat tactics.

He is an able spokesman for our party's beliefs, has kept our party on solid financial footing, and has worked tirelessly to unify our party.

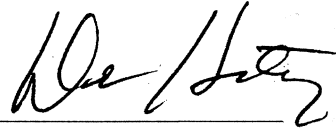

Chris understands and is dedicated to the fundamentals of building the strength of our party's statewide organization. Thousands of volunteers dedicated countless hours across our state to raise this November's get-out-the-vote effort to a new level and with tremendous results. This momentum needs to be sustained and actively supported by the State Party Chairman – a task that we know Chris will pursue with diligence.

Our party has a bright future in Washington state and we believe Chris Vance is the best person to lead our party as Chairman for the next two years.

Sincerely,
