Dear Director Logan:

Enclosed is a copy of your response letter to me dated August 2, 2005. In this letter you stated that it would take approximately ten days to assemble Items 1-3 of my request and at that time you would be contacting me to arrange for payment before the copying phase could begin.

Since it has been fifteen days since your letter was written and I have not received any notification, I am writing again to ask for the date when the copying of my request will begin.

Thank you for your prompt response to this matter.

Sincerely,

Michael Young
Chairman
